LECO is a registered trademark of LECO Corporation.

SUBJECT: OBSOLETE LECO EQUIPMENT

The obsolete process on the following LECO instruments will begin immediately. LECO will continue to service these instruments through December 31, 2001 provided that parts are available. LECO will discontinue all field and in-house repair of these units and their associated sub-components effective January 1, 2002.

This decision is necessitated by the growing number of parts no longer available to LECO by its suppliers and shortage of stock item parts.

ANALYTICAL

IR-212	CARBON DETERMINATOR
IR-212L	CARBON DETERMINATOR
IR-232	SULFUR DETERMINATOR
IR-232L	SULFUR DETERMINATOR

Support of these units after January 1, 2002 will be limited to telephone help only by our LECO St. Joseph, Michigan telephone staff.

All listed instrumentation has been out of production for several years.

LECO Corporation presently manufactures state-of-the-art analytical instrumentation for replacement of the obsolete system listed above. Please contact your LECO Sales Engineer for details.

Very truly yours,

LECO Corporation
